SUMMARY

Result-driven Frontend Developer skilled in UI component development and issue resolution. Proficient in React.js and committed to continuous learning. Collaborative team player with strong communication abilities.

WORK EXPERIENCE

Accenture

May 2024 - Present

- Designing and developing modular email blocks using React, enabling scalable and reusable template architecture.
- Writing clean, efficient JavaScript code to optimize rendering performance and ensure smooth user interactions.
- Collaborating with cross-functional teams to integrate email modules seamlessly into the broader application ecosystem.

Wipro

Nov 2021 - May 2024

- Developed and optimized user interface components using React.js, delivering seamless and intuitive user experiences.
 - Resolved frontend issues with strong problem-solving skills, ensuring high-quality deliverables.
 - Continuously enhanced expertise in frontend technologies through self-paced learning and workshops.
 - Collaborated with cross-functional teams to align UI solutions with project goals.
-

EDUCATION

Bachelor of Science in Information & Technology

June 2018 - April 2021

Specialized in Software Development, Web Technologies, with coursework in Object-Oriented Programming.

- Developed practical skills through Projects or labs.
-

ADDITIONAL INFORMATION

- **Technical Skills:** Javascript , React , MongoDB , Express
- **Languages:** Hindi, English, Japanese
- **Certifications:** Introduction to Front-end Development - Meta (Coursera) , React - Meta (Coursera) , Javascript Bootcamp - Lets Upgrade.
- **Awards/Activities:** Attended Google Developer Group (GDG) Startup Success Day event. , Completed Postman API Fundamentals Student Expert certification , Participated in Duet AI for Developers Workshop (Google Cloud) , Attended Google Cloud Community Day.

PROJECTS

Chat App(MERN)

Nov 2024 - Present

Building a real-time chat application using Vite/React, Express, Node.js, and Socket.IO for live messaging. Implementing JWT token-based authentication for secure user login and session management. The app is being styled with Tailwind CSS for a modern, responsive design.

Skills: React.js, Node.js, Express, Socket.IO, JWT, Tailwind CSS

Password Manager

September 2024

Built a secure password manager using React, Tailwind CSS, and Vite. Implemented password encryption, a password generator, search/filtering, and toast notifications for user feedback. Integrated third-party libraries like React Icons and react-toastify for enhanced UI/UX. Ensured responsive design for optimal performance across devices.

Skills: React.js, Vite, Tailwind CSS
